

# “Adopt an Animal” Program FAQ

## **Do I actually get to take the animal home with me?**

The adopt an animal program is a symbolic adoption and the animal will remain at Potter Park Zoo.

## **Will anyone else adopt this animal?**

Yes. All adoptions support the zoo and its mission of inspiring conservation of animals and the natural world.

## **How quickly will my adopt package arrive?**

We appreciate your patience! Eco Adopters, please allow 2-4 business days for the zoo team to e-mail your package. All other mailed adopt packages should arrive within 10 business days.

## **May I adopt onsite at the zoo?**

Yes, you may purchase an adopts package at the zoo. The zoo team will still need the time frames listed above to process your adoption.

## **How long does my adoption last?**

Each adoption lasts for one year. We appreciate your support!

## **Can you tell me more about the plush animal I will receive?**

The plush animals are high-quality and 6-10 inches in size. They are great for gift giving! The plush animal may not be the same animal you adopt due to availability.
