ACTION ITEMS

Resolution – Vermont Systems Inc. Contract Extension

Director Wagner explained this Resolution was combined with the Parks department for the Point of Sale system and that they were requesting a five-year extension to the contract. She stated the major difference from the previous contract was that they were requesting to change from the Ingham County IT department hosting the server for the system to it being hosted on the cloud with Vermont Systems.

Commissioner Cahill arrived at 6:12 p.m.

FINANCIAL REPORT

Director Wagner reported that earned revenue is down compared to 2024, but up from 2023. She stated she had heard from many zoos that were also down in admission and earned revenue in 2025 compared to prior year. She shared there were some smaller expenses during the grand opening of the hospital for tools and other supplies needed for the hospital to be fully operational.

Commissioner Tennis explained that afternoon the State House Appropriations Committee had disapproved work projects that were not spent by October 1, 2025 and that this includes the 10M for the Feline Primate Project. He asked Director Wagner what impact this would have on the zoo. She replied that it will create a domino effect of

negative things for the zoo. Director Wagner responded the contractors that have been selected for the project would have to pursue other projects and the zoo would have to start the RFP process over from the beginning when funding is identified. If progress isn't made quickly the zoo could lose accreditation in 2028. If the zoo loses accreditation there are significant repercussions including losing professional staff, research and breeding opportunities for endangered species and violating the contract between the City and the County. In addition, there are other exhibits that need to be improved and the fundraising for those will be pushed until the Feline Primate building can be completed.

ADMISSION & PARKING REPORT

Director Wagner reported that admissions was down again in November 2025 compared to 2024 as is reflected in earned revenue, but that numbers were still up from 2023.

ZOO DIRECTOR REPORT

Major Elements Reported by Director Wagner:

- The Animal Health Facility Grand Opening and Ribbon Cutting went very smoothly. It was well attended and a wonderful day. The plan is to train volunteers to interpret procedures for the public. There will also be public tours in the spring.
- Ms. Morris explained that Margaret Holtschlag, Big Zoo Lesson founder, is retiring and that the zoo will be transitioning to a new immersive learning program called Potter Park Zoo WILD School, Wonder, Investigate, Learn and Discover. The onsite program lessons will remain very similar to Big Zoo Lesson curriculum as those lessons were created by zoo staff. The name, logo and some training and program documents will be changing.
- The pollinator garden will be transformed this spring after being dug up due to the water main project. Thank you to board member Mary Leys for her assistance with the program.
- All programming is going well including FALCONERS and Zoo in your Neighborhood.
- The zoo is working with SSP to get a recommendation for a female black rhino.

NEW BUSINESS

Major Gifts Fundraising Presentation – Merritt Frey

Ms. Frey shared she is working to cultivate relationships for major gift donor including connecting with current donors to increase their donations. She shared donation numbers for corporate giving including event sponsorships and individual donations.

Commissioner Cahill asked how long naming rights are for. Ms. Frey replied they are for 10 years. Caitlyn asked if Ms. Frey needed any contact information for companies she was having a hard time connecting with. Ms. Frey stated she would send the list to her to review.

Director Wagner stated Ms. Frey would be providing the update for the board packet moving forward. The board agreed quarterly was sufficient for the report updates.

Animal Health Facility Wrap Up

Director Wagner stated there were a couple of items that could not be completed until spring including skylights in animal quarters.

2026 Meeting Dates

Director Wagner stated that the meeting date schedule was included for 2026 and will stay the second Wednesday of the month at 6 p.m.

Zoo UAW Maintenance On- Call

Director Wagner stated the Resolution included in the packet was presented to and approved by the Board of Commissioners as a late item December 9th. She stated an LOU was in process and that everyone including the County, Zoo and Union agreed for on call which would be weekends and holidays the week before Thanksgiving through the end of March. Mary Leys asked if the staff receives the on call pay in addition to hours worked if called in and Director Wagner confirmed they would. Ms. Leys asked how the scheduling would take place and if employees would know in advance which weekends they would be working. Director Wagner responded that the UAW workers had agreed to a procedure with the supervisor and that was being written into the operating policy. Ms. Leys also asked if the lowest seniority person could get stuck working too many weekends if other staff didn't volunteer. Director Wagner stated it was a possibility, but that it is in the procedure to reevaluate in April and change the procedures if needed.

OLD BUSINESS

Feline Primate Design Project Update

Director Wagner stated nothing additional needed to be shared at this time until funding could be resolved.

Water Main Replacement Update

Director Wagner stated the water main is nearly complete.

Stormwater Infrastructure Project Update

Director Wagner stated they are continuing to move forward with this project. The design firm is working on surveying and mapping the area where work is being planned.

BOARD COMMENTS

Cheryl Bergman stated she would like to congratulate the Society, Amy and Merritt on their fundraising efforts.

<p>SUBJECT: Resolution to Enter into an Agreement with Professional Services Industries - Intertek PSI for Geotechnical Engineering Services</p>	

ACTION REQUESTED:

Approval to enter into an agreement with Professional Services Industries - Intertek PSI for geotechnical engineering services at Potter Park Zoo.

SUMMARY OF REQUEST:

Based on studies performed by the US Army Corps of Engineers, Potter Park Zoo received federal grant funds to improve the quality of the stormwater runoff from the Potter Park Zoo to the Red Cedar River. Through the design process, five locations have been identified as possible detention garden locations. The requested geotechnical services would allow for further evaluation of these areas to determine the hydraulic conductivity and infiltration of stormwater.

STRATEGIC PLAN RELEVANCE:

Geotechnical services support the overarching long-term objective of implementing environmentally sustainable practices in Ingham County by improving the quality of stormwater discharged from Potter Park Zoo into the Red Cedar River.

DEPARTMENT MISSION RELATION:

Geotechnical services support the overarching long-term objective of improving the quality of stormwater discharged from Potter Park Zoo into the Red Cedar River.

**RESOLUTION TO AUTHORIZE AN AGREEMENT WITH PROFESSIONAL SERVICES
INDUSTRIES - INTERTEK PSI FOR GEOTECHNICAL SERVICES AT POTTER PARK ZOO**

WHEREAS, Potter Park Zoo is in need of geotechnical services to determine the hydraulic conductivity and infiltration of stormwater to aid in the design of stormwater runoff improvements; and

WHEREAS, proposals were submitted to and reviewed by the Ingham County Purchasing Department; and

WHEREAS, Potter Park Zoo seeks to enter into a contract with Professional Services Industries - Intertek PSI in the amount of \$10,150; and

WHEREAS, the Zoo is requesting a contingency of \$1,522 for any undiscovered conditions; and

WHEREAS, funds of \$11,672 are available in the Zoo fund balance.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes entering into a contract for geotechnical services in an amount not to exceed \$10,150.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners hereby authorizes a contingency not to exceed \$1,522(15%) to cover any work items, as mutually agreed upon in writing and executed in the form of a change order as per Ingham County Policy.

BE IT FURTHER RESOLVED, that the Ingham Controller/Administrator is authorized to transfer \$11,672 from the Zoo fund balance to line item #25869200-818000-318000.

BE IT FURTHER RESOLVED, that the Board Chairperson is authorized to sign any necessary documents consistent with this resolution after approval as to form by the County Attorney.

<p>SUBJECT: Resolution to Authorize Applying for and Accepting Rebate Funds from Consumers Energy</p>	

ACTION REQUESTED:

Approval to apply for and accept rebate funds from Consumers Energy for equipment in the new Potter Park Zoo Animal Health Facility.

SUMMARY OF REQUEST:

Consumers Energy offers a rebate program for energy efficient equipment. Potter Park Zoo opened the new Animal Health Facility in 2025 with energy efficient equipment that qualifies for rebate funds. There is an application process that must be completed and then funds are distributed to Ingham County Potter Park Zoo for qualifying purchases.

STRATEGIC PLAN RELEVANCE:

Rebate funds support the overarching long-term objective of implementing environmentally sustainable practices in Ingham County.

POTTER PARK

Director's Report January 14, 2025

Maintenance

In 2025 the Maintenance Department completed and closed 827 work orders. In addition to routine work orders, mowing, and trimming, the team constructed a new rosella exhibit, renovated the otter bridge, and completed a much-needed facelift to the penguin viewing area.

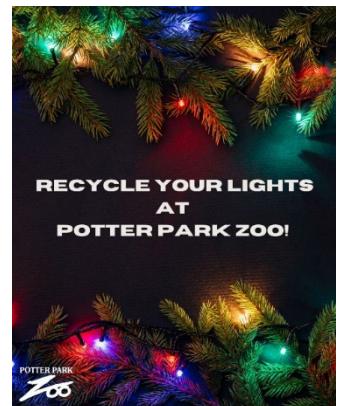

In late March, a severe storm resulted in the loss of one large oak tree and caused significant damage to two others, requiring their removal. Following the recommendation of a certified arborist, a total of nine oak trees were identified as concerns and subsequently removed to ensure the safety of guest, staff, and animals in our care. Additionally, both maintenance staff and a vendor spent two weeks clearing deadwood from the canopy.

The year concluded under challenging conditions. Fall temperatures were warmer than average, causing trees to retain their leaves later into the season. Less than two weeks into leaf collection, the first snowstorm arrived in late November, depositing nearly six inches of snow. As a result, approximately half of the leaves remained uncollected and will need to be addressed in the spring. With snowfall totals near 16 inches by the end of the December, well above the seasonal average, this required a significant portion of December's maintenance resources to be dedicated to snow removal and we expect that trend to continue through the winter.

Conservation Engagement

We are offering a new holiday light recycling program running through January 2026! The public can recycle their old or broken holiday lights in designated bins located just outside the Discovery Center main doors.

This initiative is a great way to support sustainability and keep holiday lights out of the landfill, all while engaging our community in a meaningful way.

January 12 starts the new Potter Park Zoo WILD School
Wonder. Investigate. Learn. Discover.

After more than 25 years of successful work at Potter Park Zoo through the BIG Zoo Lesson and as Margaret Holtschlag moves toward retirement, we will be transitioning to a new immersive learning program we are calling Potter Park Zoo WILD School. The activities offered that impact volunteers like enrichment making and viewing, behind the scenes tours and lessons will not change and the program activities will continue to be scheduled to accommodate zoo staff.

WILD School Description: WILD School transforms Potter Park Zoo into a living classroom where students in grades 2-5 connect every subject area to the wonders of wildlife. Through hands-on investigations, creative expression and real-world science, learners become explorers who ask questions, make discoveries and grow their curiosity about the natural world. Students will discover how people and nature are connected. The program will build curiosity, critical thinking, and a lasting appreciation for conservation and the natural world.

2026 Education Events

We're excited to kick off a new year filled with learning, conservation, and the animals! The Education team has an amazing lineup of programs and events planned for 2026, offering opportunities to engage our community, inspire curiosity, and make a real impact throughout the year.

- Nights at the Living Museum: April 10 | 5-8 p.m.
- Party for the Planet: April 18 | Noon-4 p.m.
- Arbor Day: April 24 | Noon-3 p.m.
- Salmon Release (Tentative): April 29
- World Turtle Day: May 22 | 10 a.m.-4 p.m.
- Zoo Teen Orientation: May 30
- River Clean Up: June 6 | 10 a.m.-3 p.m.
- Twilight Adventures: June 27 | 6-9 p.m.
- World Snake Day: July 16 | 10 a.m.-4 p.m.
- Twilight Adventures: July 25 | 6-9 p.m.
- Twilight Adventures: August 8 | 6-9 p.m.
- River Clean Up: September 12 | 10 a.m.-3 p.m.
- Red Panda Day: September 19 | 10 a.m.-4 p.m.
- World Rhino Day: September 26 | 10 a.m.-4 p.m.
- Twilight Adventures: October 8 | 6-9 p.m.

Kicking off the 2026 education events is **Nights at a Living Museum**, in partnership with MSU Science Festival. This after-hours event is free to the public and offers a wide variety of hands on activities related to animals and the natural world.

Arbor Day is set for April 24 and we have a lot of interest from local schools and arborists! This year's event will follow the same structure as the past 2 years where classes will rotate through presentations from local arborists and tree enthusiasts before venturing into the Zoo. Tree saplings and other materials will be sent home with each student and given away to Zoo guests this day.

We are excited to kick off our Party for the Planet with an **Earth Day Celebration!** Potter Park Zoo will celebrate our planet by engaging with local sustainability-focused vendors and participating in interactive educational activities. Earth Day also kicks off our Habitat Hero Program where guests can learn how to become a Habitat Hero and support wildlife conservation by taking home a native plant to grow in their own backyard. The Habitat Hero program will run throughout the Party for the Planet event, gathering locations for where these plants will be planted and a contact email for future surveys. This year, our **Party for the Planet** will continue beyond Earth Day with several upcoming events including Arbor Day, Turtle Day, and a community river clean-up.

Volunteer Program

In December 2025, 58 core volunteers donated 748 hours, helping with our BIG Zoo Lesson programming, Wonderland of Lights event and our Zoo Nights with lights event. Additionally, we had 17 individuals from a caroling group help bring extra holiday cheer to Wonderland of Lights.

Membership Program

Our December 2025, member count was 6,623 adult members, representing 3,510 households.

Community Outreach

In 2025, there were 1,292 participants at our FALCONERS events. We held one free event each month. Our largest events were our sensory friendly Boo at the Zoo (288) and Wonderland of Lights (245). The WOL event was the largest one we held since the program started in 2016. Overall, our total number of participants increased from 2024. We look forward to another year!

2026 Falconers Event Schedule:

- January 24: 9 a.m. – 12 p.m.
- February 21: 9 a.m. – 12 p.m.
- March 14: 9 a.m. – 12 p.m.
- April 17: 5 – 7:30 p.m.
- May 15: 5 – 8 p.m.
- June 12: 5 – 8 p.m.
- July 17: 5 – 8 p.m.
- August 21: 5 – 8 p.m.
- September 25: 5 – 8 p.m.
- October 16: 4:30 – 7 p.m.
- November 14: 10 a.m. – 1 p.m.
- December 14: 10 a.m. – 1 p.m.

In the month of December we had 346 guests visit the zoo with a Zoo In Your Neighborhood pass. In 2025, we welcomed 5,512 guests because of our zoo pass program! It continues to be an important part of the community and allows families to enjoy the zoo all year.

Mariah Martinez completed the GRAZE Mid-Level Leadership Development Course for Zoo and Aquarium Professionals. This was a year-long, research-based leadership development program for mid-level professionals in the Zoo and Aquarium industry. It included monthly coursework, live cohort discussions, leadership reading, and Mental Health First Aid Certification.

Potter Park Zoo has designated Safe Space Advocates available for staff who may need a safe and supportive place to talk. Sarah Foote is a Safe Space Advocate and is located in the Welcome Center. Mariah Martinez also serves as a Safe Space Advocate, with an office in the Discovery Center.

Marketing & Communications Year-End Update

2025 was a wonderful year for Marketing and Communications at Potter Park Zoo. Our community engagement reached new heights as our supporters voted Pazi the Pallas's cat as the zoo's favorite animal (Two years running!), joined us in celebrating the ribbon cutting of our new Animal Health Facility, and connected with our mission through content that entertained, educated, and inspired millions across our platforms.

We also expanded our reach beyond our local audience by collaborating with Jungle Jordan, one of the most influential voices within the AZA community, helping amplify our conservation and animal care stories to a broader national audience.

Top Facebook Videos of 2025 by Views:

1. Canadian lynx snowman – **248,000** views
2. Vik's birthday – **216,000** views
3. Kota's birthday – **106,000** views
4. Vikenti enjoying winter – **70,000** views
5. Otters – **52,000** views
6. Okapi Birthday Celebration – **38,000** views

Looking ahead, the Communications team is developing a conservation-focused content strategy for the coming year and will soon begin collecting department highlights and metrics for the 2025 Annual Report. This is a time to reflect on a year of strong storytelling and community connection, while planning and preparing for another impactful year in support of the zoo's animals, conservation efforts, and guest experience.

Animals

Vik, our Amur tiger, has been intermittently exploring the lion exhibit in the mornings when the lion is inside.

We are working with the maintenance team on creating a viewable commissary and conservation center. This space will house one of our on grounds conservation projects, either our head starting Blanding's turtles or our breeding Puerto Rican crested toads, as well as our commissary for food prep.

We have added two young and precocious goats to our herd.

We are planning on getting two young mini-donkeys at the end of January.
